

Smart People are Cool.™

ACADEMIC AVENGER'S STORY

"Help, I'm drowning," was the cry heard from the middle of the pool. Joey Cook swiftly jumped from his lifeguard chair and dove into the pool to save the life of an eight year-old girl. This wasn't the first time that Joey saved another human being's life. In fact, he has been a lifeguard for over twenty years. When a lifeguard saved his life as a teenager, he knew that his calling in life was to protect and save the lives of careless swimmers. Joey is where he is today because of a valuable lesson he learned early in his career.

Joey studied and applied himself all through school because he knew that to be the best lifeguard he would have to understand the human body, mind, soul and spirit. He was determined to set the standard for lifeguards all over the world. He graduated high school with honors. He then went to college and earned degrees in physical therapy, psychology, theology, and marine biology along with his CPR and lifeguard certificate. Needless to say, he was in school for a long time and was under enormous pressure to make the grades. He committed to earning straight A's so he would not have any excuses for not being able to save another life.

Eventually, the pressure became too much for Joey to handle. He let down his guard and decided to seek the help of **CAPTAIN CHEATER**. He knew that **CAPTAIN CHEATER** could help him pass the four final tests that he had coming, so he purchased the Cheat Stick, UnderCover Cover Sheet and Invisi-Beam to pass his tests. He felt that it would be all right if he cheated since he had worked so hard up to this point. In fact, he even cheated on the final exam for his CPR certificate. He passed the tests and everything seemed to be fine, both his parents and his classmates praised him. He finally graduated from school and received his first lifeguard job at a local pool in Myrtle Beach, South Carolina.

While sitting on the lifeguard stand at his first job, he heard the voice of a desperate mother who lost hold of her baby in the pool. She couldn't swim very well herself so she was crying for someone to save her baby. Joey was very nervous because this was his first rescue, but he jumped in the pool anyway. He rescued the baby from the water, but when he brought her out of the water, she needed CPR. Joey was frantic. He wasn't sure how to help a baby that needed CPR because he cheated on that part of his certification. Unfortunately, there was nothing Joey could do. Another lifeguard saved the baby. When he turned to the mother, she began to yell at him in a horrified tone and accused him of being unworthy to be a lifeguard. This event changed Joey's life forever. He decided that he was going to do whatever it took to help other students resist the temptation to cheat.

Joey heard about the **S.M.A.R.T.S. FORCE** from a friend and decided to contact **SMARTY MARTY**. He told **SMARTY MARTY** his story and was given the name **ACADEMIC AVENGER**. His job is to avenge cheating and provide students with the tools necessary to be prepared for tests. His life is an example of how cheating not only affects the person cheating, but also those involved in that person's life. Joey is a lifeguard by day and the **ACADEMIC AVENGER** by night.

ACADEMIC AVENGER outfitted himself with the "The Piercer," the "Wader Invader," and the "Second Aid Kit." The Piercer is a whistle that can only be heard by students who have a test in the near future. It is reminder to them to study so they are prepared and not tempted to cheat. It works like a dog whistle, only different. The Wader Invader is a lifesaving flotation device that he uses to help students wade through all of their material so they can do better on their homework and tests. It has a secret compartment that contains instructions to study by way of daily review. It also has special light rays that shoot out of it to ensure students do not fall asleep. The light rays awaken the entire body to engage in the study session. The Second Aid Kit is located inside of the Wader Invader and is used to destroy **CAPTAIN CHEATER'S** devices. It comes with an internal time bomb that blows up the Cheat Stick, Undercover Cover Sheet and Invisi-Beam. **ACADEMIC AVENGER** is definitely someone you want on your side. He is there when you need that extra boost to prepare yourself for study. It is always better to do your best than it is to cheat. Join the **S.M.A.R.T.S. FORCE** and help me defeat **CAPTAIN CHEATER**. Remember, smart people are cool!

ACADEMIC AVENGER'S TACTICS AND TOOLS

THE PIERCER is a whistle that reminds students to study for their tests.

WADER INVADER is a lifesaving flotation device that helps students wade through all of their material so they can study more effectively.

SECOND AID KIT is located inside the **WADER INVADER** and is used to destroy **CAPTAIN CHEATER'S** devices.

If you are using the DVD/Workbook program in your school or for your family, you may read the stories as a way to set up each section.
